Look at that hand lying there
The room is dark she shows no fear

I m lying still, my eyes are wide
My heart is pumping, I m still alive
I m still awake against my will
What will it ever take
To still this burning in me?

And I m caught with my own life
Is this a dream, or is it real life?
Ooooh, sleep, come on me soon
I can t bear this lonely room
Sleep, come on me soon
I can t bear this lonely room
Sleep, don t take too long
Can t keep singing this lonely song

(repetir Bb/F F Ab/Eb Eb até acabar)
