Without seeing

There are no answers here
When you look out
You don't see in
There was no promise made
The part you played
The chance you took
There's no way out of here
When you come in
You're in for good

There never was there an answer
There an answer
Not without listening
Without seeing

There's no way out of here
When you come in
You're in for good
There are no answers here
When you look out
You don't see in
There was no promise made
The part you played
The chance you took

There's no way out of here
When you come in
You're in for good
There's no way out of here
When you come in
You're in for good
There are no answers here
When you look out
You don't see in
There's no way out of here
When you come in
You're in for good
