

Until We Sleep
David Gilmour

E **E4** **E**
Dance, to the movement of the stars
E **E4** **E**
Sing till the walls around us ring
E **E4** **A**
Pray that it never fades away
E
Until we sleep

E **E4** **E**
Feast, go ahead now, take your fill
E **E4** **E**
Drink, till the room begins to sway
E **E4** **A**
Play, and your cares will blow away
E
Until we sleep

A **A4+** **A** **Em/A**
Into a deep and dreamless sleep our spirits fall
A **A4+** **A** **Em/A**
And what we sow we cannot reap nor keep at all

F# **F#4** **F#**
Work, though the work will break your back
F# **F#4** **F#**
Rest, hope to feel your spirits rise
F# **F#4** **A**
But the years, have cut you down to size
F#
Now go to sleep

B **B4+** **B** **F#m/B**
Into a deep and dreamless sleep our spirits fall
B **B4+** **B** **F#m/B**
And what we sow we cannot reap nor keep at all
