

Back In The World
David Gray

Every day when I open my eyes now
It feels like a Saturday
Taking down from the shelf
All the parts of myself
That I packed away
If it s Love put the joy in my heart
Is it God by another name
Who s to say how it goes
All I know is
I m back in the world again

(same chords each verse)
Like the lift of a curse
Got a whole different person
Inside my head
No more trudging around
Stony eyed through the town
Like the living dead
If it s Love lift us up from the dark
Is it God by another name
Who s to say how it goes
All I know is
I m back in the world again

Back in the world again

It s the only way to be
It s the only way to be
I m naked like a tree

D **Em**
It s the only way to be

D **C**
I m naked like a tree

D **Em** **Cadd9 G** **Cadd9 G**
It s the only way to be

Less than sand on the beach
Staring into the reaches of Space and Time
I m singing out words
But the voice that I hear
It seems barely mine
If it s Love put the song in my heart
Is it God by another name
Who s to say how it goes
All I know is
I m back in the world again
Who s to say how it goes
All I know is
I m back in the world again
Back in the world again

It s the only way to be
It s the only way to be
I m naked like a tree
It s the only way to be
I m naked like a tree
It s the only way to be

Cadd9 **G** **Cadd9 G**
Every day when I open my eyes
Cadd9 G **Cadd9 G**
Yeah

Cadd9 **G** **Cadd9 G**
Every day when I open my eyes
Cadd9 G **Cadd9 G**
Yeah

Cadd9 **G** **Cadd9 G**
Every day when I open my eyes
Cadd9 G **Cadd9 G**
Yeah yeah

Cadd9 **G** **Cadd9 G**
Every day when I open my eyes
Cadd9 G
Yeah yeah
