Main:

Baby say it isn't true  
You're never there and  
It wasn't you  
It's more than I can do  
To try and keep it shiny new  
The gap just opens up  
Between the words we like to use  
And the thing that's seen  
Seen through your eyes now darling  
In blue distances calling  
Like the birds of the hiiiiiiiiigh Arctic  
And you don't have to make the move  
No there ain't nothing left to prove  
Accept the plain unvarnished truth  
It's a part of you, you can't remove  
Like a love that's been  
There ain't no answers darling  
Just blue distances calling  
Like the birds of the hiiiiigh Arctic  
They're calling

Like the birds of the high Arctic  
This darling  
For the light in your eyes sparked it  
Two sheets to the wind  
Yeah yeah, yeah yeah  
Yeah yeah  
Yeah yeah, yeah yeah  
Yeah yeah

Like the birds of the hiiiiigh Arctic  
Like the birds of the hiiiiigh Arctic  
Like the birds of the hiiiiigh Arctic  
Like the birds of the hiiiiigh Arctic
