[A#]	[Amb6]	[G6]	[Fmaj7]
Without a word you set your sights into the sun			
[A#]	[Amb6]	[G6]	[Fmaj7]
When all the world you put to rights was still so wrong			

[A#]	[Amb6]	
Pin your heart out on you sleeve		
[Dm]	[FDm]	[G]
Spouting all that make believe		
[Gm]	[Am]	[Dm] [PICK1]
From your lips I thought it might come true		
[Gm]	[F6sus2]	[F]

I d be falling down the mountainside with you

The clothes you wore the people stared you looked so strange
To see you move St. Vitus dance was in your veins

And never once, afraid to know,
What it feels like when you go
Out beyond where logic keeps the view
I d be falling down the mountainside with you.

[A#] [Amb6] times 4 then [F]

If you were here, first thing id do, is knock you down
You left me cold to meet your ghost all over town

So grind the stone and spin the wheel
Lock the doors on what you feel
Looking back its like I always knew
I d be falling down the mountainside with you

Falling down the mountainside with you
Falling down the mountainside with you
Falling down the mountainside with you
