Gutters Full Of Rain - David Gray

(Capo on 4th fret)

B E B E B F#/A# B
B E
A gutter full of rain
B E
an empty picture frame
B E F#/A# E
a house out at the edges of the city
B E
never noticing the war
B E
til it s right there at your door
B F#/A# B
and suddenly your hands are bloody

B E
I was seeking to possess
B E
now another girls caress
B
is on your flesh
E F#/A# E
the bitterness is tasted
B E
there s nobody in your chair
B E
no hand to touch my hair
B F#/A# B
the sun even the air seems wasted

C#
Let it go now
G#m G#m+
Let it all slip away
E B
and we ll start it all over again
C#
Me like a million
G#m G#M+
others before
F#/A# E
trying to make sense of the rain

Were these twenty years a dream
was it ever as it seemed
get to wonder if it really existed
cause the thief who stole my life
has taken to my faith
I can see now how the world gets
twisted

Let it go now
Let it all slip away
and we ll start it all over again
Me like a million
others before
trying to make sense of the rain

In spite of all the shame
some times I hear your name
I think of us when we were younger
then I m shutting out the noise
and I m trying to hear the voice
that used to tell me love was
stronger

Light another cigarette
but the one I got s still lit
I can t seem to keep my fingers
steady

Never noticing the war
til it s right there at your door
and suddenly your hands are bloody.
