

The Light
David Gray

[Intro]

G C G C

[Verse]

Turn out the light and the dark sucks on the embers of the fire

My heart smoulders in the night

And these tumbling boulders of desire

[Chorus]

Come ro-lling out the shadows of me

Ro-lling out the shadows of me

Ro-lling out the shadows of me

Mmmm-mmmm

[Instrumental]

G C G C

[Verse]

You say I thought time was meant to take away the hurtin

As your lonely silhouette closes the curtain

Back on the road destination uncertain

So let's get in this car and drive

And this feeling I feel so strong

So powerful it can't be wrong

Now the whole frosted night is just a song

[Chorus 2]

A so-ong for you

So-ong for you

So-ong for you

[Instrumental]

C C
G C G C x2

[Verse]

Now the moon is splashed right over the street
Like my tears on your thighs so pale
It s just you and me in the sheets
And the whole the whole wide world is just a jail

[Chorus 3]

When yo-ou re away from me
Yo-ou re away from me
Yo-ou re away from me
(Quiet)

[Instrumental]

C G C G

[Verse]

And itâ€™s rollinâ€™ on by
Here come the night
Turn out the light and the dark sucks on the embers of the fire
My heart smoulders in the night
And these tumbling boulders of desire

[Outro]

Ro-o-ollinâ€™ rollinâ€™ ro-o-ollinâ€™
Rrrrrrollinâ€™ rollinâ€™ ro-o-ollinâ€™ Rrrrrrollinâ€™
Rrrrrrollin ro-o-ollinâ€™ ro-o-ollin
Ro-o-ollin out the shadows of me
Turn out the light
