Watching the world

**Am** **F**  
Watching them all go insane

**C** **G**  
Look at them all

**Am** **F**  
Looking them do evil things

**C** **G**  
So I go out and dance

**Am** **F**  
Party my problems away

**C** **G**  
Look at me now

**Am** **F**  
Look at me dancing again

**C** **G**  
In a club nothing really matters

**Am** **F**  
In a club nothing really matters

**C** **G**  
In a club nothing really matters

**Am** **F**  
In a club nothing really matters
