E
It s complicated
Bm
It always is
F#m **Asus2**
That s just the way it goes
E **Bm**
Feels like I waited so long for this
F#m **Asus2**
I wonder if it shows

E
And under water
Bm
Now I can breath
F#m **Asus2**
It never felt so good
E **Bm**
Cause I can feel it coming over me
F#m **Asus2**
I wouldn t stop it if I could

[Chorus]

E **Bm**
When love takes over (yeah-ah-eah)
F#m **Asus2**
You know you can t deny

F#m **Asus2**
Cause something s here tonight

[Verse 2]

E
Give me a reason
Bm
I gotta know
F#m **Asus2**

Do you feel it too?

E **Bm**
Can t you see me here all alone
F#m **Asus2**
And this time I blame you
E **Bm**
Looking out for you to hold my hand

It feels like I could fall
E **Bm**
Now love me right, like I know you can
F#m **Asus2**
We could lose it all

[Chorus]

E **Bm**
When love takes over (yeah-ah-eah)
F#m **Asus2**
You know you can t deny
