

## Reason For Love

David Hodges

Hello all, really enjoy having ultimatetguitar around providing me with so much help with many songs, so here I am trying to return the favor by adding one myself. first time doing so, but hopefully while you playing the song, it ll makes up for my noob attempt.

### Verse 1

**C** **F**  
Sitting here, in the dark  
**Am** **G**  
I donâ€™t know what went wrong, But its over now  
**C** **F**  
Wish I could be, Where you are  
**Am** **G**  
But something should never be say out loud  
**Dm** **F**  
Come save me, unbreak me  
**Dm** **F**  
Cause I just cant forget you

### CHOURS

**C** **F**  
Take me so far away from this place  
**Am** **G**  
Where my heart can breathe, somewhere I can believe again  
**C** **F**  
Give me something that time cant erase  
**Am** **F**  
Cause losing you is taking too much  
**Am** **C**  
Tell me thereâ€™s a reason for love

### Verse 2

**C** **F**  
I see myself, walking away  
**Am** **G**  
There is a piece of my heart thatâ€™s still holding on  
**C** **F**  
People say, â€œlet it goâ€•  
**Am** **G**  
But leaving is easier said than done yeah

(chours)

**Dm** **F**

Each memory, still haunts me

**Dm**                      **F**

Cause I just cant forget you (2x)
