[Verse 1]

**C** **F**  
I ll be your chauffeur  
**Am** **F**  
Drive you to a distant shore  
**C** **F**  
Fill the tank with gas and dreams  
**Am** **F**  
The twinkle of the stars shall be our semaphore

[Refrain 1]

**C** **G**  
And guide us to that place  
**F** **G**  
A better place  
**Am** **F** **C**  
Then we shall stay in our Eden restored

[Verse 2]

**C** **F**  
I ll be your chauffeur  
**Am** **F**  
The go-fer who will fetch and carry you home  
**C** **F**  
So curl up on this mobile sofa  
**Am** **F**  
I ll turn the key and let these four wheels roam

[Refrain 2]

**C** **G**  
We ll take it at a steady pace  
**F** **G**  
Or find a shooting star to chase  
**Am** **F** **C**  
In a carriage made of leather, wood, and chrome

[Chorus]

**C**                    **Am**  
I ll check the water  
**C**                    **Em**  
I ll take the wheel  
**F**                    **Dm**                    **F**                    **C**  
I ll jump a red light ...

[Chorus]

**C**                    **Am**  
I ll check the water  
**C**                    **Em**  
I ll take the wheel  
**F**                    **Dm**                    **F**                    **C**  
I ll jump a red light if that s how you feel

[Verse 3]

**C**                    **F**  
I ll be your chauffeur  
**Am**                    **F**  
No diversion shall deter  
**C**                    **F**  
I ll wear the uniform  
                  **Am**                    **F**  
The engine shall purr as if metal were fur

[Verse 4]

**C**                    **F**  
I ll be your chauffeur  
**Am**                    **F**  
No destination is too far  
**C**                    **F**  
We ll turn the mileage over  
**Am**                    **F**  
The payment we shall disregard

[Refrain 3]

**C**                                    **G**  
And we will leave this place  
**F**                    **G**  
For another place  
                  **Am**                    **F**                    **C**  
A ticker tape welcome awaits us in the stars

[Chorus]

**C**                    **Am**  
I ll check the water  
**C**                    **Em**  
I ll take the wheel  
**F**                    **Dm**                    **F**                    **C**  
I ll jump a red light if that s how you feel

[Outro]

**C**                    **G**                    **F**  
I ll be your chauffeur, yeah  
**C**                    **G**                    **F**  
I ll be your chauffeur, yeah  
**C**                    **G**                    **F**  
I ll be your chauffeur, yeah  
**C**                    **G**                    **Am**  
I ll be your chauffeur, yeah

[Fade]
