Catch You While I Can
D D G D (4x)

```
                  G                 D    A
When rooms are crowded eyes will wander,
G                           A
Never knowing what theyâ€™ll find.
G                 D    A
I came here waiting on another,
Bm                        D
Now youâ€™re all thatâ€™s on my mind
```

```
        G               D  A
Neathâ€™ a chorus of conversation,
G                     A
What no one else can see.
G                 D    A
Is a gamble tweenâ€™ too strangers,
Bm                      D
Thatâ€™s taking a hold of me
```

-Chorus-
```
G                 D   G               A
So let go of your halo, break free for a while.
G                 D   G             Bm
Tell me that youâ€™re ready, into the night, wrong or right
        G                       A
Before it slips right through our hands,
     G                     D D G D (2x)
Let me catch you while I can.
```

```
          G           D A
My courage rises I walk over,
G                             A
Youâ€™re curved smile calms me down.
G                       D   A
Words come easy I keep you laughing,
Bm                          D
I should stop but I donâ€™t know how.
```

-Chorus-
```
G                     D  G                 A
```

```
So let go of your halo, break free for a while.
G                      D   G              Bm
Tell me that youâ€™re ready, into the night, wrong or right
        G                              A
Before it slips right through our hands,
      G                      D D G D (2x)
Let me catch you while I can.

G                              Bm              D              A
When midnight turns into daylight maybe weâ€™ll both move on.
G                      Bm              D          A
But who knows maybe tomorrow lonely will be long gone, be long gone.
