DAVID SOUL: SILVER LADY

INTRO: **Bbm F# Fm** (x2)

Bbm **G#**
Tired of drifting, searching, shifting through town to town
Bbm **G#**
Every time I slip and slide a little further down
E **F#**
I can't blame you if you won't take me back
E **F#**
After everything I put you through
B
But honey you're my last hope
E **F#**
And who else can I turn to

CHORUS 1:

B
Come on Silver Lady take my word
D#m
I won't run out on you again, believe me
E
Oh, I've seen the light
G#m
It's just one more fight
F#
Without you
B
Here I am a million miles from home
D#m
The Indiana wind and rain cut through me
E **A**
I'm lost and alone, chilled to the bone
B **G#(!)**
Silver Lady

MIDDLE 8:

Bbm **G#**
Double talkers, backstreet walkers at every turn
Bbm **G#**
Seedy motels and no star hotels still I had to learn

That the one shining thing in my mind

E **F#**
Was the sweet love I had with you
B
And honey you re my last hope
E **F#**
And who else can I turn to
