David Usher - Times of Our Lives

(Intro) **Em D Am C**

Em **D** **Am**
I once saw a man on fire, staring out his window
C **Em**
Watching as the flames grow higher and higher
D **Am**
I thought that I saw him cry or was he only laughing?
C **Em**
As his laugh went brush it off
D
And maybe we're just like him
Am
Maybe we're all waiting
C **G**
For a moment to begin

(Chorus)

G **D**
Who of us are open
Am
Who of us have freedom really?
C **Em**
Who of us can tell what these dark days will bring
D
All of us are hurting
Am
All of us are crazy now
C **Em**
All of us are watching the world spin

Em **D** **Am**
I once had a bird like you, a bird of prey
C **Em**
Still you're tearing at my insides
D **Am**
And yesterday when you flew so far away
C **G**
And when you find the morning save a piece for me

(Chorus)

G **D**
Who of us are open
Am
Who of us have freedom really?

C **Em**
Who of us can tell what these dark days will bring

D
All of us are hurting

Am
All of us are crazy now

C **Em**
We're crazy now

D
I smoked a cigarette

Am
I'll eat the flesh is dead

C **Em**
I love a whisky more or less or moral-less ya

I like the drugs that seal

I love you when we feel
