Language Of The Heart  
David Wilcox

Simplified version from the original..  
The song has special meaning to me,  
so I made the necessary adjustments to fit my abilities..

We [G] made our warm [C] bed out of [Am7] blankets  
in the [D] meadow way up [G] high  
You [G] took off your [C] dress in the [Am7] moonlight, t  
o sleep [D] beneath the [G] sky

[C] Your touch was a [Am7] warm summer [D] ocean  
Your [G] kiss made the [Am7] whole mountain [D] fly  
And you looked [Bm] deep with in me and [C] smiled  
At the D] tears in my [G] eyes

Now [G] you can say that you [C] always were [Am7] honest  
And your [C] words were clear from the [G] start  
But it s [C] more than just [Am7] words that got [D] spoken  
There was [C] language of the [G] heart

I [G] won t keep on [C] calling your [Am7] number  
if you [D] never have the [G] time  
I [G] don t want to c[C] laim you or [Am7] blame you,  
but you re [D] always on my [G] mind

[C] You had no [Am7] idea I would [D] love you  
It [C] comes as a[Am7] total [D] surprise  
And you [C] shake your head [Am7] slowly and [D] smile  
At the [Am7] tears in my [G] eyes

and you [G] say that you [C] always were [Am7] honest  
And your [D] words were clear from the [G] start  
But it s [C] more than just [Am7] words that got [D] spoken  
There was [C] language of the [G] heart

[C] Your eyes like an [Am7] ocean of clear sunlit [D] green  
My [C] eyes with the [D] salt water  
[Am7] Washing me [D] clean.... [G] again

And [G] just imagine you [C] whispered a [Am7] secret  
that could [D] take away my [G] blues  
And [C] you let me [Am7] believe it to [D] please me,  
[Am7] though it just wasn t [G] true

You [G] just meant to [Am7] share with me [D] pleasure

And [C] your gifted at [Am7] what you [D] do  
But your [C] speaking an [Am7] unspoken [D] language  
[D] I thought that you [G] knew  
It s [C] one that we all [Am7] learn by [D] heart  
And our [Am7] hearts think its [G] true

but you [G] say that you [C] always were [Am7] honest  
And your [D] words were clear from the [G] start  
But it s [C] more than just [Am7] words that got [D] spoken  
There was [C] language of the [G] heart
