Now repeat the intro part but fade it into the bridege part...

Bridge: I m not sure but I know it s something around this. Just fool around with it.

```

The outro is just the verse part repeated 4 times again and then
end on -3~-
-3~-
-0~-
-0~-
-2~-
-3~-

And that s it! This tab was hard to get perfect cuz it s really 2 guitars
playing
at the same time and sometimes one goes up while the other goes down but if you
play this with the song it should sound good. If you have any comments,
corrections or questions email me at *
