[Verse 1]
Am
blindfolded back to the cold metal bars
the screaming of inmates and laughing of guards fills your head
                                  Em
fill the camera with gruesome depictions of just how evil we can be
Am
stabbed to death on the banks of a river
the cold shenandoah will serve as your grave
the topic of many a candle lit vigil
but banded together the lives we could save go
Am
Am
Am
gangtags blanket all the walls in this god forsaken town
shotgun shells and empty clips are stompped into the ground
a war ensues behind the veil of glamour trend and profit
cause the radio and mtv control your fuckin wallets
and all these kids they think it s cool to play with loaded guns
and they always seem so ignorant to impending repercussions
unity cannot exist when colors seperate
and the police are not the only gang that runs rampant in these states
[Chorus]

stop the violence burn the flags
a life should never end over the color of a rag
territory drugs and glory
dead bolt busted rug stained red
it started off to reconstruct a community in peaces
we can all just help each other we don t need police but
soon their hands were painted red day to day yet so obscene
\mathbf{Em}
the innocent were lying dead buried in a common grave
