**Am** **F**  
Too many friends are asleep inside pine boxes

Suicide by abuse of a toxins  
**G**  
Cause it's easier to run away  
**Am**  
Then to deal with the bullshit of the day to day  
**F**  
And I really can't blame you  
**C**  
Most days it's hard to find a scrap of hope  
**G**  
Should've been there to help you cope, but I was locked up in the brig of the  
same damn boat

[Chorus]

**Am**  
Why should I sugarcoat it  
**F**  
We're all gonna die  
**C**  
If we escape the coarse easily coerced  
**G**  
I guarantee next time  
**Am** **F**  
I see you'll be strapped down to a bed  
**C**  
All cloaked in white  
**G**  
Rotting from the inside out beneath fluorescent lights  
  
**Am** **F** **C** **G** **Am**  
So, for the love of god do as I say not as I do

Kid Iâ€™ve been there and Iâ€™ve done that

Victims of this crooked game, (all) trapped inside a world insane,

**G**

You cast aside, mere shadows in a funhouse mirror

Why should I sugarcoat it

If we escape the coarse easily coerced
