

**Deadfriends**  
**Daytrader**

Tuning: Half Step Down

This song uses powerchords all the way through, but heres the chords so you can either do powerchord version or play it with full chords on an acoustic or something.

**Em**                    **C**                    **G**                    **Am**  
Wait until you get another place in line  
**Em**                    **C**                    **G**                    **Am**  
Stick to the things you ve been trying to find  
**Em**    **C**        **G**                    **Am**  
No one seeks your past deeds  
**Em**                    **C**                    **G**                    **Am**  
Never going to get another guarantee  
**Em**                    **C**                    **G**                    **Am**  
Wait until you get another place in line  
**Em**                    **C**                    **G**                    **Am**  
Stick to the things you ve been trying to find  
**Em**    **C**        **G**                    **Am**  
No one seeks your past deeds  
**Em**                    **C**                    **G**                    **Am**  
Never going to get another guarantee  
**Em**  
Kill all my, kill all my friends

**Em**    **C**        **G**  
                  And don t you ever say  
                  **Em**        **C**        **G**  
we re destined to be great  
**Em**        **C**                    **G**  
It ended up exactly how it s supposed to be  
                  **Em**        **C**                    **G**        **Em**  
That same old classic story

**G**                    **Em**    **C**  
                  Two, three, four

**Em**                    **C**                    **G**                    **Am**  
Find the place you d rather be than here and now  
**Em**                    **C**                    **G**                    **Am**  
Always good company with shadows, fear, and doubt  
**Em**    **C**        **G**                    **Am**  
Always in good company  
**Em**                    **C**                    **G**                    **Am**  
Wrongs darker than death or night are rolling around your head  
**Em**                    **C**                    **G**                    **Am**  
Spells and incantations trying to charm some old, dead friends

Em C G Am  
Always in good company  
Em C G Am  
Always in good company  
Em C G Am  
Never going to get another guarantee  
Em  
Kill all my, kill all my friends

Em C G  
And don't you ever say  
Em C G  
we're destined to be great  
Em C G  
It ended up exactly how it's supposed to be  
Em C G Em  
That same old classic story

Em G Am  
It never ends  
Em G Am  
Underneath my skin  
Em G Am  
It never ends  
Em G Am

Em C G  
And don't you ever say  
Em C G  
we're destined to be great  
Em C G  
It ended up exactly how it's supposed to be  
Em C G Em  
That same old classic story  
Em C G Em  
That same old classic story

G Em C
