

Tears
Deach

Am
The room is all silent your eye lids are shut,
F
You begin crying, saying "why aint I good enough".
C
Tears running down your cheeks,
G
2 trails of mascara dripping off your face to your feet,
Am
All of a sudden you fall to your knees,
F
Your body starts shaking and it's making it... hard for you to breathe.
C
Your minds playing tricks on yah,
G
Wishing it's a bad dream cause usually never happens to yah.
Am
Then you're phone rings,
F
you know it's him calling, you don't want to listen to his side of the story.
C
You hear a lot of rumors, no way they aint true!
G **Am**
Even though the person that told you the news only assume that whatever he
F
did made sense that he cheated!
C
From Every phone calls, texts, numbers you deleted|
G
Came fat lies, you didn't need to hear, but the source that you got it from is
someone that is dearest to you!

Chorus

Am **F**
I don't want start again, but it feels like the end.
C
Wasn't I good enough?
G
See then why didnt you give it up?
Am
Why did you make me choose?
F **C**
This is the hardest thing I've ever had to do,
G **Am**

But I gotta let u go and leave my tears!

It Pretty Much Just Does That Through The Rest Of The Song :)
