D

We are ancient

C#m

As ancient as the sun

E

We came from the ocean

B

Once our ancestral home

D

So that one day

C#m

We could all return

E

To our birthright

B

The great celestial dome

Bm E Bm E

We are the children of the sun

Bm E

Our journey s just begun

Bm E Bm E

Sunflowers in our hair

Bm E

We are the children of the sun

Bm E

There is room for everyone

Bm E D C#m E B

Sunflowers in our hair

D

Throughout the ages

C#m

Of iron, bronze, and stone

E

We marveled at the night sky

B

And what may lie beyond

**D**

We burned offerings

**C#m**

To the elemental ones

**E**

Made sacrifices

**B**

For beauty, peace and love

**Bm E**

**Bm E**

We are the children of the sun

**Bm E**

Our kingdom will come

**Bm E Bm E**

Sunflowers in our hair

**Bm E**

We are the children of the sun

**Bm E**

Our carnival s begun

**Bm E**

Our songs will fill the air

**Bm D E**

**Bm D E**

**Bm D**

And you know it s time

**E**

To look for reasons why

**Bm D**

Just reach up and touch the sky

**E Bm E Bm E**

To the heavens we ll ascend

**Bm E Bm E**

We are the children of the sun

**Bm A/B Bm A/B**

Our journey has begun

**Bm A/B Bm**

All the older children

**A/B**

Come out at night

**Bm A/B**

Anemic, soulless

**Bm A/B Bm A/B**

Great hunger in their eyes

**Bm A/B**

Unaware of the beauty

**Bm A/B Bm A/B**

That sleeps tonight

**Bm A/B**

And all the queen s horses

**Bm A/B**

And all the king s men

**Bm**

**A/B**

Will never put these children back

**Bm A/B Bm**

Together again

**Bm D E**

**Bm D E**

**Bm D E**

Faith, hope, our charities

**Bm D E Bm E Bm E**

Greed, sloth, our enemies

**Bm E Bm E Bm E Bm E**

We are the children of the sun

**Bm E Bm E Bm**

We are the children of the sun
