I hate the blues - Dead Moon
=====

(album In the graveyard)

general pattern (which adds the bass pattern to the guitar chords):

```
[tab]                Am          Am/G          Em
-----|

-----2-----2-----0----|
-----2-----2-----2----|
----0---2-3p2---0-----0-----2----|
0-----3-----3---0----|[/tab]
```

You know life would be easy
if people would leave me alone
stop stepping on my fingers
when I ve been working to the bone

Em

```
[tab]D                Em          <silence>
maybe think I could get back with you[/tab]
                <start pattern at Am chord>
Goddamn I hate the blues
```

Some tried to put m in a bottle
some put m in their shoes
but either way they gonna kill you
slowly eat away your heart
If I could only stop the thought of you
Goddamn I hate the blues

I never learnt to listen
to the promises I made
I never thought you d stay away
leaving me to take the blame
I never thought I d follow through
Goddamn I hate the blues

<stop on Em>

I really, really hate the blues

I m not sure if the lyrics are correct (I know they are on the record sleeve,
but I don t have the record sleeve) since Freds articulation is not that good,
and so is my english. Corrections appreciated.
