chords: C G A F :one measure each, used throughout entire song with different picking/strumming patterns
bass: all root notes as far as I can tell, with run: E|-5-3-1-3 :used going from A to F
lyrics: transitional, between chords :last word typically falls on C but I decided to go to a new line so look better, but it all kinda flows from chord to chord

[best viewed in equal spacing, I used Courier font]
