[Intro]

[Verse 1]

A E F#m Dsus2

We were matched in pairs on the tail of the comet's streak

A E F#m Dsus2

We never knew it then it was you and me

A E F#m Dsus2

And as we flew to earth we were split into the wind

A E F#m Dsus2

It was you who held the guiding light

[Chorus]

A E F#m Dsus2

One world, one voice, one girl, one choice

A E F#m Dsus2

One world, one life, one chance to get it right

A E F#m Dsus2

One world, one choice, one girl, one boy

A E F#m Dsus2

One world, one night, one chance to get it right

[Verse 1]

A E F#m Dsus2

There came a time when I could sense you even though

A E F#m Dsus2

I had never met you before that day

A E F#m Dsus2

Had you sent those thoughts to me I still don't know

A E F#m Dsus2

Are you the mystery of long ago

[Chorus]

A E F#m Dsus2

One world, one voice, one girl, one choice

A E F#m Dsus2

One world, one life, one chance to get it right

A E F#m Dsus2

One world, one choice, one girl, one boy

A E F#m Dsus2

One world, one night, one chance to get it right
