The hands of the dream wind that blows from beneath them

The blind jester pilot, he smiles and he says that she  
**G5 A#5 C5 C5 A#5**

**[G5 A#5 C5 C5 A#5]**  
I couldn't help noticing pilot began to dream  
Started me wondering time of the day  
The carousel sea horses picturesque circus dress  
flowing behind them, began their display

**[G5 A#5 C5 C5 A#5]**  
The pantomime symphony slowly pretends to me  
Stopped for directions out of my dream  
Then one broke his silence, and pointed to me and said  
Just like a timepiece, keep circling, circling

**[G5 A#5 C5 C5 A#5]**  
Blue for the sky  
The world only turns from far away  
Only blue from this high

It feels like flying  
It feels like dying

[starts with f5]

Far and away, the icy Sun is on the rise  
On the run  
They re choking on the smoking gun  
The swans have died  
Tomorrow s finally come

Fly ...

The distance behind us inside of this dream  
The blind jester pilot, he woke and he said to me  
Just like the world, we keep circling, circling on

The pantomime symphony slowly pretends to me  
Stopped for directions out of my dream  
Then one broke his silence, and pointed to me and said  
Just like a timepiece, keep circling, circling on...

Just like the time circles on... far and away  
Oh just like the time circles on... in circles they say  
Just like the time circles on... just like the time circles on  
Just like the time circles on... just like the time circles on
