

Im A Bore Mostly
Deaf Havana

This is for the ALTERNATIVE version, which can be found on their Deluxe Album. Slightly different to the original, and lyrics are a bit different too. This is my first tab that I've kind of done by ear, so bare with it. It sounds pretty close to me.

CAPO 3

Intro - **Cadd9, D, Em**

Cadd9 D Em

I spent most of my days neither sleeping nor awake

Cadd9 D Em

Watching pointless documentaries on tornadoes and earthquakes

Cadd9 D Em

Coffee keeps me going though It fuels my wandering mind

Cadd9 D Cadd9 D Em

Wishing I was Someone Else is how I spend My Time

Cadd9 D Em

Cadd9 D Em

When shows just mean losing my voice and touring seems a chore

Cadd9 D Em

My faith in music slowly disappearing more and more

Cadd9 D Cadd9 D

These tattoos on my hands are there for life

Cadd9 D

And the songs inside my head won't come out right

(Chorus)

Cadd9 G D

The times are changing, we can go anywhere

Cadd9 G D

But I'm far too cool to admit that I care

Cadd9 G D

The times are changing, we can go anywhere

Cadd9 D Cadd9 D Em

But I'm stuck in my ways....Ooh, and I won't change

Cadd9 D Em

Cadd9 D Em

So I try to drag my fragile frame

Cadd9 D Em

Through another day and another dose of caffeine in my veins

Cadd9 D Cadd9 D

My body aches and my mouth is full of sores

Cadd9 D

And I've realised that I'm a F**king bore.
