(G)Flyin down the road, never looked at what I might have (D)passed
But when (F#)I met you girl I just (G)had to slow down
You were (D)beautiful but different, you turned this (A)ol boy around

(Chorus)

You re a (D)wildflower
You caught my (Bm)eye at the (A)side of the (G)road (A)
You re a (D)wildflower
Girl, that s what makes you (A)so beautiful (D)

I (G)love how your pretty shy smile can light up a room (D)
The (G)way that you talk, share your secrets, how your body (D)moves
You (F#)got a way about you that stands (G)out in a crowd
What you (D)think are imperfections are what I (A)couldn t live without

(Chorus)

You re a (D)wildflower
You caught my (Bm)eye at the (A)side of the (G)road (A)
You re a (D)wildflower
Girl, that s what makes you (A)so beautiful (D)
