Pictures that stay in your mind and donâ€™t leave but still end up somehow			
different than before			

Pre-Chorus

Dadd9	A	F#m/G	F#m
Perfect picture of you and I, fading faster and I think I know why			
Dadd9	A	F#m/G	F#m
Gone without me to the other side, must I follow leave the old me behind

Dadd9	A	F#m/G	F#m
Change, it spins us round and bends us down, turns us inside out

Bridge

F#m **Dadd9**
Jokes you used to tell, the way things used to smell,
A **F#m/G**
Expressions on your face wouldnâ€™t want it any other way
F#m **Dadd9**
Iâ€™d whisper in your ear, always hold you near,
A **F#m/G**
we were heading for the ground, didnâ€™t ever want any of it to change.

F#m **Dadd9**
All those happy thoughts, I never did give up
A **F#m/G**
Always tried so hard until reality walked in my door
F#m **Dadd9**
The lighting it grew thin, the flame it grew too dim.
A **F#m/G**
Do you wanna change the real person that you are today?

What do you do when the things you once had arenâ€™t what they were anymore?
