

**Youre Nobody Till Somebody Loves You**  
**Dean Martin**

[Intro]

**C      Am7      Dm7      G7**

[Verse]

**C                      E7              A7**  
You re nobody till somebody loves you  
**Dm                      G9              C**  
You re nobody till somebody cares  
**Em7                      Dm7b5**  
Now you may be king you might posses  
**F                      A7**  
The world and all its gold  
**Dm                      D7**  
But gold won t buy you happiness  
**F                      G7**  
When you re growing old

[Chorus]

**C                                      E7**  
Cause this old world still is the same  
**A7**  
You re not gonna change it  
**F                      A7                      Dm**  
As long as the stars shine above  
**F                      D7              C              A7**  
you re nobody till somebody loves you  
**Dm                      G7              C      G7      Am      Dm7**  
So find yourself somebody to love

[Instrumental]

**C      Am7      Dm7      G7**

[Chorus]

**C                                      E7**  
Cause this old world still is the same  
**A7**  
You re not gonna change it  
**F                      A7                      Dm**  
As long as the stars shine above  
**F                      D7              C              A7**  
you re nobody till somebody loves you  
**Dm                      G7              C      G7      Am      Dm7      C**  
So find yourself somebody to love
