-- VERSE --

C **Fmaj7**
Better days are held in a photograph

C
Of summer escapes

Am7
Of daydreams and tourist traps

G
Take me back

C **Fmaj7**
I was never alone to carry the melody

C
It was never my own

Am7
It was always a part of me

G **C**
Everything I need

-- CHORUS --

G **Em Am**
You said the words and you didn't even speak

Em F
Baby let, let me down easy

C
I see the tide, it's coming to get me

G **Em Am**
And I don't know who you wanted me to be

Em F

I gave a lot, but never what you need

C

Winter comes, and summer forgets me
