

**The Spin Youve Got Me In
Death and a Cure**

standard tuning no capo

G
Of all the pretty things to ever grace this earth
C
I know that you
G **C**
I know that youâ€™re the first to ever make me feel the way I do
G **C**
I will dance around the truth that I want to be with you
Am **F** **G**
I hope you can forgive me if itâ€™s going to take a little while to do

G **C**
I wonâ€™t speak my mind before my heart it always lets me down
G **C**
When Iâ€™m playing in the dark, my head keeps spinning round and round and
round
G
But, Iâ€™ve been dancing for too long
C
So I wrote this song
Am **F** **G**
And Iâ€™ll be the fool who falls for you tonight
Am **F** **G**
Hell this fall could bruise, but itâ€™s worth the while
G
Oo oo oo oooo, Something about you,
C
I caught your eye and
Am **F** **G**
Got glimpse of what heaven must be like
G
You got me in a spin
G **Am**
I canâ€™t help wonder where youâ€™ve been
F
Itâ€™s never been with me
G
I want to be with you girl

G **C**
We could walk through the park or maybe deep into the forest
G **C**

Weâ€™ll steal the sun behind the clouds and let it shine upon us
G C
Maybe the simple things will somehow seem better than before
Am F G
Then doing them without you just wouldnâ€™t be the same any more

G
Oo oo oo oooo, Something about you,
C
I caught your eye and
Am F G
Got glimpse of what heaven must be like
G
You got me in a spin
G Am
I canâ€™t help wonder where youâ€™ve been
F
Itâ€™s never been with me
G
I want to be with you girl

G C
Ooh Lalalalalala lalalala lalalalalalala lalalalalalala lalalalala Iâ€™ll just
C G
keep trying to find a way
G C
Ooh Lalalalalala Lalalala lalalalala lalalalalala lalalalala I just canâ€™t
G
find the words to say
Am F G
But, I will find them soon

G
Something about you,
C
I caught your eye and
Am F G
Got glimpse of what heaven must be like
G
You got me in a spin
G Am
I canâ€™t help wonder where youâ€™ve been
F
Itâ€™s never been with me
