D Dsus2 D G

[Verse 1]

A Bm D F#m G
No more lighthouses --- to deceive me
A Bm D F#m G
Just leave me floating on the open ocean --- and let the moonlight
A Bm D F#m G
Take me anywhere on a tidal flow --- and if I capsize
A Bm D
It s alright, cause I ve been feeling too invincible
F#m G
I need to know depths, deeper than the deepest of connections

[Chorus 1]

Bm D G
Oh oh oh oh oh, this autumn love
Bm D G
Oh oh oh oh oh, is not enough
D Dsus2 D G
D Dsus2 D G

[Verse 2]

A Bm D F#m G
If there s no beacon tonight --- to guide me
A Bm D
I ll finally break the shackles of direction
F#m G A Bm D
And let the headlights lead me anywhere that they wanna go
F#m G A Bm D
I feel at home now, out on a bough, in the lattice of the backbone
F#m G (Bm)
Where the highways are holding in the pieces of our broken hearts
