

No Room In Frame
Death Cab For Cutie

E
I don t know where to begin

A
There s too many things that I can t remember

E
As I disappeared like a trend

A
In the hum of the 5 in the early morning

E **E7**
And now I m taking my time

A
Up through Coalinga through the valley

E
This highway lived in my mind

A
It takes me back to the place that made me

G#m **A**
Was I in your way

E
When the cameras turned to face you?

G#m **Amaj7**
No room in frame

E
For two

E
You cannot outrun a ghost

A
Speeding south bound lanes with abandon

E
It catches you on the coast

A
Or on the cliffs of the Palisades you killed the engine

E
And then it hovers above

A
Reeling bodies failing to discover

E
The thing they once knew as love

A
Raising their voices to convince one another

G#m **A**

Was I in your way

E

When the cameras turned to face you?

G#m **Amaj7**

No room in frame

E

For two

G#m **A**

How can I stay

E

In the sun

When the rain flows

G#m **A**

All through my veins

F#m (**G#** bass note) **A**

It s true

C#m **B** **A**

And I guess it s not a failure we could help

C#m **B** **A**

And we ll both go on to get lonely with someone else

E

With someone else

G#m **A**

Was I in your way
