Intro: [**G** - **C**]

Verse 1 chords:

G **C**
St Peter s cathedral, built of granite, ever fearful of the answer
G **C**
When the candle in the tunnel is flickering and sputters and fading faster
G **C**
It s only then that you will know what lies above or down below
G **C**
Or if these fictions only prove how much you ve really got to lose

Verse 2: use verse 1 chords

At st Peter s cathedral there is stained glass there s a steeple that is
reaching
Up towards the heavens such ambition never failing to amaze me
It s either quite a master plan or just chemicals that help us understand
That when our hearts stop ticking this is the end and there s nothing past this

Outro chords:
