Intro: **F**

Verse 1 chords:

F **C** **G**
Lying in a field of glass, underneath the overpass
F **C** **G**
Mangled in the shards of a mental frame, woken from a dream by my own name
F **C** **G**
Well I was such a wretched man, searching everywhere for a homeland
F **C** **G**
Now we are under the same sun, feel it through the leaves, let it heal us

Chorus 1 chords:

F **C** **Am**
We are the same, we are both sane
 G
Underneath the sycamore
F **C** **Am**
We are the same, we are both sane
 G
Underneath the sycamore

Verse 2: use verse 1 chords

We were both broken in our own ways, sifting through the rubble for the wrong things

I know you've got a vengeful heart, I cannot be stopped soon as I start
But you have seen your darkest rooms, I have slept in makeshift tombs
This is where we find our peace, this is where we are released

Chorus 2: use chorus 1 chords
We are the same, we are both sane
Underneath the sycamore
We are the same, we are both sane
Underneath the sycamore

[repeat chorus 2 more times]

Interlude: [Am - G] repeat several measures

Chorus 3: use chorus 1 chords
We are the same, we are both sane
Underneath the sycamore
We are the same, we are both sane
Underneath the sycamore
