Standing, caught up in the aisle

G GM7

By overflowing lights they fake the moment

C

Reminiscing former love I m laughing

And I m reaching for someone to cover me

G GM7

I m wandering empty streets

G

Then broken hearts just crashing

GM7 C

Thinking how i could escape the feeling

Lost control and nothing could have make myself alive

Bm7 C Em7 D

Seeking the road of joy and tranquility

Bm7 C

Where am i going now

Em7 D

I need a light to shine on me

Bm7 C Em7 D

I m all alone now I m wonderin and I m hoping

C D

and I m waiting my chance to look

G C

City lights they re all with me, They fill me with serenity

Bm7 C Em7

They re coming one by one

D Bm7 C Em7 D C

until i separate my mind into the light

Descent chains of neon symbols

I ve been seeing lots and lots of colors
