Verse:

There s a boy, fifteen, with a gun in his hand
And the people all say he should be hanged
And they ask him for his motive, but they don t understand
Why they love like they do, like they do
There s a girl, fifteen, with her head in a noose
Because she s damned to live or she s damned to choose
And the animals walked in two s by two s
Showing love, like they do, like they do
There s a girl, fifteen, although she isn t sure
Well how the hell could you want anything more?
A beautiful, perfect, immaculate whore
I m in love, love with you, love with you
