

Time Machine

Declan O'Rourke

Capo 2

Verse:

D G D
If I ever thought I had lost my friends
D G D
I'd roam this world till my back was bent
G A D
To find them all searching high and low
Em G A D
You can never enough friends, this much I know

Chorus:

Em Bm A
If I had a time machine
Em Bm A
and if I could live in my dreams
Em Bm A
life is our only time machine
F# G F# G
It only goes one way it seems
F# G A D
we learn how as we float down streams
