Whatever Else Happens
Declan O'Rourke

Artist: Declan O Rourke
Song: Whatever Else Happens

Capo 3rd Fret
The strumming is kind of like, you play, let it ring for a second then smack it and play it again

Dum thwack dummmmm

hopefully you get me. listen to the song for everything else
hope this helps

-Jake (jakemdoran@gmail.com)

A - x02220
E - 022100
D -xx0232
F#m - 244222
D* - 200232 (use your thumb)
Bm - x24432

A
It was morning
E
in a summer breeze
D **A**
and the sun was in the sky

trees were swaying

you were beautiful

and i asked you not to cry

then the moment came

for a soft farewell

and i kissed you and you shed a few

i kept a tissue of your tears

for a souvenir

but i ll take care of them for you

F#m **E** **D**

and whatever else happens i will come back for you

F#m **E** **D**

whatever else happens i will come back for you

(Piano bit)

- A and hammer the pinky on and strum with it at the 5th fret high e string
then E and hammer on and strum with 2nd fret b string
the D with the same at 5th fret high e string

dum dum dum dih dih dih dih (**A**)

dum dum dum dih dih dih dih (**E**)

dum dum dum dih dih dih dih (**D**)

get it?

oh baby, what makes a love begin
between a woman and a man

could be made to be
maybe you ll make me be
it s not something i understand

perhaps it s like the way things happen everyday
baby, mostly just by accident

no mistaken road
sure as the wind that blows
i will see your face again

because whatever else happens i will comeback for you
waterer else happens i will come back for you

(Piano bit)

D* **F#m Bm**

i promised you i would return

D* **F#m Bm**

if you wait for me i will return

so if you re missing me
like i m missing you
and you re trying to be strong

just keep missing me
like i m missing you
you won t be missing me too long

because whatever else happens i will come back for you
whatever else happens i will come back for you

whatever else happens i will come back for you
whatever else happens i will come back for you
