```

Lyrics:

Gotta black breast Chinese eyes
Got an English brain that s gonna make me wise
Got a long story that I wanna tell
To a rhythm that I know so well
Really got a lot of lovin that I wanna give
Baby I m a mystery but you know I gotta live
I tried another but she didn t want to know
Aaaah --- no, no, no!

Take a hold now if you can
Take a lesson from a hard lovin man
I m a long way from where I wanna go
Guess I ll stay awhile I really love you so
How s about another sip of all the wine you got
Take a tip from me and give it here I ll drink the lot
I m not a winey, I m a puttin on a show
Aaaah --- no, no, no!

You really really grab me but I ve gotta move
Before they know I m here and spread the news
Maybe in a while when I ve moved around

I can find a way to pay you back your twenty pounds
Really got a lot of lovin that I wanna give
Baby I m a mystery but you know I gotta live
I tried another but she didn t want to know
Aaaah --- no, no, no!
