

**Cascades I`m Not Your Lover**  
**Deep Purple**

**G** **F**  
You know I m not your lover now  
**C** **G**  
It might as well be said  
**G** **F**  
And then you say you re leaving  
**C** **Eb** **G**  
Or maybe I m just hanging on a thread  
**G** **F**  
When I gave you everything  
**C** **G**  
It didn t seem that much  
**G** **F**  
You gave me your opinion  
**C** **Eb**  
With the usual heavy handed touch

What can I do

About the rain that falls on you

I m not your lover now

**G** **F**  
My head is spinning endlessly  
**C** **G**  
My senses won t react  
**G** **F**  
Then I m falling through a black hole  
**C** **Eb** **G**  
Part of me is never coming back  
**G** **F**  
How you can lose a thing  
**C** **G**  
You never really had

**G** **F**  
And you always hurt the one you love  
**C** **Eb**  
And you just love to hurt me bad

Let me put you out of my misery

They call it being cruel to be kind

I only insult my friends

The rest can go to hell
