The line between

Good and bad
                   G G Am
And see the blind man
                     F F G
Shooting at the world
               G G Am
Bullets flying out
            G G Am
Taking toll

               G G Am
If you ve been bad,

And you ve been not hit
               G G Am
Oh, by flying lead
                   G G Am
You d better close your eyes
              F F G
And (Ohhhhhhh)
            G G Am
Bow your head
                  G G Am
And wait for the ricochet
