

The Spanish Archer
Deep Purple

Dm **C**
Well there must have been a reason
G
for the smile that you had upon your face last night
Am
Are you the cat that got the cream
G
Did you lick your lips did you roll your eyes?
Am **G**
Can you imagine how it feels, it s so hard to reveal
C
Oh I can t get through and I m falling
G **C** **G** **C G C** is half bar
I m getting out, I m losing ground
C **Am**
The Spanish archer s gonna bring you down

E F Dm C **G**
Is there someone somewhere waiting in the wings to take my place?
Am **G**
Let s not drag it out like a Cagney death scene
Am
In this season of change it s not hard to explain
G **C**
Like the leaves on the trees I m falling
G **C G**
And as you turn, don t look away
C **Am**
The Spanish archer s gonna make you pay

E F Dm C
Do you remember when the sky was blue?
G
we used to talk for miles
Am **G**
And now we drive along in this thundering silence
Am **G**
It s such an obvious lie with that easy smile of yours
C
I m letting go and I m falling
G **C** **G**
I m getting out, losing ground
C **Am**
The Spanish archer s gonna bring you down

E F Dm C
Well is there something I can say as we stumble to the edge

G **Am**
have we gone too far? Why don t we call it a day
G
before we call it a nightmare darlin ?
Am **G**
If we made a mistake then all that it takes to be free
C
Is the wave of a hand and you re falling
G **C** **G**
And as you turn, don t look away
C **Am**
The Spanish archer s gonna make you pay
