They took my body
They robbed me blind
There s no turning back now
No use in crying

G# C

Every lonely road is behind me

G# C

That led me through the changes I don t feel

G# C

And I lost sight of flesh and bone

G# G

Little I know I was going home

Sing choir of angels Sing me to sleep Sing soft and sweet I m yours to keep

I fought their battles And I gave my life For peace and quiet For pain and strife

Every lonely road is behind me
That led me through the changes I don t feel
And I lost sight of flesh and bone
Little I know I was going home
