

Song About A Man
Deer Tick

Song: Song about a man
Artist: Deer Tick
Tabbed: Adam Martynuik

The only trick in this song is that he switches his ring finger on the C chord from the position on the fifth string (3rd fret) to the 6th string 3rd fret near the end of each of picking for that chord. Listen for changes as he holds certain chords for much longer than others.

Below is only an approximate picking pattern, listen to the song and just get a feel for is right. I tabbed this off an in store waterloo performance. Here is the link.

INTRO

C/G repeated with harp solo

VERSE

C	F	C
How can a man feel anything		
G	C/G	
When all he ever got was sympathy?		
C	F	C

Take both your hands and put them round my neck

G

C/G

You're a fool for wanting everything

CHORUS

Am

F

It couldn't be much fun being a millionaire to one

C/G

Cause a million's just a million of one thing

Am

F

Cutting to the chase, I suppose there'll be a day

G

When all your tired hands will be put to shame

VERSE

I've got a restless old woman standing by my side

She cannot wait for the finer things in life

She waited all this time so I suppose she has the right

But I drank away all the things I could provide

CHORUS

All of that aside I never meant to make her cry

But crying is just the baby inside

The ones that mess around that tend to fuss and bring us down

Tugging at your lips to make you frown

HARP SOLO

VERSE

So my grandson will be living with a chip on his shoulder

And God don't listen to his prayers anymore

I hope he understands when he's a little bit older

That I always wished the best for him

CHOURS

Sing a lullaby in the morning when I rise

Sing it 'til I'm far away from here

If this can be my chance to feel it once in my life

Then sing it brother, cause I don't even care

END on harp solo with a bar of the verse chords.
