

When She Comes Home
Deer Tick

G
The whole world is wrong today

G
But youâ€™ve been gone so long that I lost count of days

G
But when you come home,

C
Iâ€™m gonna tell you, how I got along

G
Iâ€™m gonna tell you, gonna tell you

G
About everything I've thought,

C **Am**
Emptiness was bought with your plane ticket

G **C**
And not so much as a kiss goodbye

G **C**
I donâ€™t want to think of the reasons why

Am **C**
I donâ€™t want to think of the reasons why

G
Most things I want to say

G
Well they will go unspoken always

G
But if you look a little a closer in my eyes

C
Well you would know, everything there is to know

G
Youâ€™re gonna know, youâ€™re gonna know

G
Everything I thought

C
Overcome the sloth, got me a ride to New York,

Am **C**
With not so much as a reason why

G
I just want to get a kiss goodbye

C
I just want to get a goodbye

G
The whole world is wrong today

G
But youâ€™ve been gone so long that I lost of count of days

G

But when you come home, Iâ€™m gonna tell you, how I got along

C

Iâ€™m gonna tell you, gonna tell you

G

About everything I thought,

C

Am

Emptiness was bough with your plane ticket

G

C

And not so much as a reason why

G

C

I just want to get a kiss goodbye

G

C

I just want to get goodbye
