lyrics:

Dream a little dream
All about the basement scene
I dont want to wake up X3
No

If you ve seen the light turn gold
Come out tonight and we ll get stoned
I dont want to get old X3
No

Dream a little dream
About your friends and their endings
Now i wanna wake up
I wanna wake up now

It could be the death of me
Knowing that my friends will not remember me
I wanna get old X3

In the bluffs they know my name
In the bluffs they know
