G do you remember passion? **E** it s burried beneath a concrete world. **G** have you
E forgotten compassion? **G** are you in the middle of an ugly war between yourself
C and a giant machine? **Am** are you so tired you can t even dream anymore?
E fuck this city, and fuck this filthy air. **G** let s build a-frames in the woods
D and just live there. **G** we ll all eat berries and build fires every night and
E forget this mistake we call modern life.
Am i believe in something, but i don t know what it is. **C** it s either the future **Am**
C or the end. **Am** it s every reason that i do or don t get out of bed.
E we live in the unhappy shadows of skyscrapers freight trains and malls to a **G**
D soundtrack of nuclear warheads and bombs. **G** addicted to power, addicted to
E authority, money, and success ... so far gone, without our addictions, do
D we even know how to live?
Am the sun is shining thru distance, **C** bitter clouds that make me choke and **Am**
C cough and scream. **Am** sitting here along watching acid raindrops fall, this is **C**
C not the life i want to lead.

End: C.....Am.....G
