A D A D
 I feel a strange prehension that is much bigger than me
 A D F# E
 A shadow falls ahead so far I fail to see
 F# E A D
 And so at times I'd like a map to what I cannot comprehend
 F# E A D
 But infinite cartographer, your trusted magic pen
 A D E
 Can only ink against the edge of understanding!
 A D E
 Yeah, you always draw me on along, questions compounding

A D A D
 But family and friends their thoughts therein will interject
 A D F# E
 And, oh, to feel the strength in all the places they connect
 F# E A D

Thereâ€™s timeâ€™s weâ€™ve spoken cryptically and times weâ€™ve been direct

F# E A D

Sometimes we speak so cyclically, sometimes just hold our breath and see

A D E

that presence sets the stage for conversation!

A D E

Or simply says what it must say with its intention!

(A, D)

then play:

(A, D, F#, E, F#, E)

A D
And so we start to feel we shoudnâ€™t be so scared

A F# E

We see this understanding as the only thing thatâ€™s there

F# E A D

Thereâ€™s feelings you must overcome, and feelings you must use,

F# E A D

And strengthened by a timeless love that you must never lose

A D E
Itâ€™s born of ancestry and poetry and chemistry!

A D E

Horizon lines and volume and infinity!

(A, D)

A D A D
For now we focus on whatever comes to mind

A D F# E
A slow progression, though a tender one, we find

F# E A D

The sun against a face some hot Ohio afternoon

F# E A D

A timeless sense of place among the relics in my room

A D E

A low hanging amber melon of a moon.

A D E A

We can stop and sleep and plan the next day soon.
